

We came across Erika by a recommendation from my wife's co-worker that lived up the street from us. He had been on the market for over a year with various agents and no success. He started to work with Erika and sold within 2 months! We were looking to sell our home fast and needed someone with the expertise to assist us and in simple terms, she nailed it! We called Erika and scheduled a meeting. She was able to tell us exactly what we needed to do to sell the property and was a straight shooter on what to price the house. We needed to know the top dollar we could sell the house for and still generate interest, since there were a number of other houses on our street that had been up for sale for a long time. She was able to answer our questions and expressed her confidence in being able to sell our property. We were not disappointed. We were able to sell in 2 weeks! The feedback from the showings we had, came back with great reviews from the potential buyer and real estate agent. From how to stage the house and how to price it, she was right on point. We are now able to move into our dream house and don't plan on selling anytime soon, but if we do she will be the first person my wife and I would call. We were very fortunate to have had her recommended to us and we hope you take our recommendation now. If you schedule a meeting, you will see first hand what I am talking about. I have been telling everyone I know that if you are looking to sell or buy, she is the one to call.

Erika is an excellent agent! She helped me both buy and sell my first home. Even though we no longer live in the York area, I still keep in touch! They say you never forget your first, well I didn't think that applied to your real estate agent. I have yet to find one as thorough as Erika!

It is a joy to go through the selling process with an agent as experienced and savvy as Mrs. Erika Mueller. She helped us with each stage of the process and made it easy to not sweat the small hiccups that arose (a buyer that broke contract for no reason and the overall task of trying to sell in a buyers' market). We are grateful to Erika for all her help and for always being easy to reach with our questions.

We were new to the area, looking for a home, and Erika was recommended to us by good friends. It was obvious that Erika wasn't just interested in selling us a house, as she listened to our needs and found a great home to fit us. She is a true professional and an exceptional agent. I cannot say enough great things about her...she is so calming, friendly, and easy to get along with. Erika is such a great person...what you see is what you get with her! We really enjoyed our interactions with her and felt completely comfortable with her recommendations. Even after settling into our home, we've remained in contact with her. Our experience was such a good one and we would highly recommend her to find that perfect home for you!

We talked with several realtors before selling our home and we choose Erika because whe was very knowledgeable and up front as to what the value of our home and the selling price. We believe because of this knowledge our home sold in two weeks. She knows the market inside and out. She not only helped us in the selling of our home, she helped in the purchase of our new condo. She was always there when we had any questions and would be there even at the last moment to look at condos. She walked us through the closing of our home and stayed with us through the closing of the condo, always making sure everything was up to speed and the closings went without a hitch. We have and would recommend Erika to anyone in the market for a realtor. Hands down she is one of the top realtors in York County.

On a scale of 1-10, Erika is an ELEVEN!! Outstanding in her field. Very straight-forward and honest in her property evaluations and assessments; concise direction as to what needed to be done to give my property more curb appeal. Our relationship with Erika was always positive.
